3. Buddhism- Buddhism originated as an offshoot of Hinduism in India, but eventually it became popular all over Asia. The personality and teachings of Gautama Buddha, the founder of this faith, have illumined the lives of millions of people in Japan, China and Southeast Asia. Buddhism is based on the principle of the law of impermanence.
4. Islam – The Arab traders brought Islam to India in the early 8<sup>th</sup> century, but it was not until the 12<sup>th</sup> century that it became a force to reckon with in the Indian sub-continent. Unlike Buddhism, Jainism and Sikhism which emerged as offshoots of Hinduism, the concept customs and religious practices of Islam were unique to this faith which professed universal brotherhood and submission to Allah-The God Almighty. The mystics of Islam, or the Sufi saints, helped in spreading the message of peace and universal love.
5. Jainism – Jainism as a religious tradition was established in India about the same time as Buddhism. Mahaira, one of the jinas (conquerors) preached the Jain philosophy around the same time that Buddhism began.
